

Vendor Invoices — December Capital Additions

Atlas Trade Provisions LLC · fixed-asset additions (capitalize vs expense per FA policy)

Invoice	Vendor	Date	Asset / Project	Class	Amount (USD)
BRG-1188	BuildRight GC	2024-12-10	Cold-zone buildout (leasehold)	Leasehold Improvements	84,000
CTI-3390	ColdTech Inc	2024-12-12	Cold-storage equipment (componentized)	Refrigeration & Cold-Storage	56,000
Total capital additions					140,000

Both items extend service capacity and meet the capitalization floor. The cold-zone buildout is a leasehold improvement; the refrigeration equipment is componentized per policy (parts with differing useful lives recorded separately). Set component lives from the FA capitalization & depreciation policy. Freight and installation necessary to ready each asset are included in capitalized cost.
